Ukulele Bartt didn't write this chart. He wouldn't even THINK of charting copyrighted material. Where did you get this thing from? Certainly not from Bartt. You should destroy it right away. I mean, come on. Bartt wouldn't even chart this song to teach it. No way. BUT ...

Bartt does have charts to his own songs - they're on his website, Bartt.net and you can have them for FREE. Download them any time, but by all means get rid of THIS chart first.
